

The Grinch is Alive and Well

With only a few weeks to go to Christmas, it's the time of the year when sheddies should be flat out making toys for children. There are many families who are less fortunate than most of us, and a simple plaything made with love could make a difference. Then there are the repair

jobs still waiting to be completed for the refugee families. And the job for the school.

These remain, for the fourth week, behind the locked door of the MenzShed in Haining Street. Its pity some of the Compassion from the Sisters hasn't rubbed off the trio that hold the lease to the shed, John Gibbons, Duncan McDonald and Steve Jardine.

So this verse especially for John Gibbons, with apologies to Dr Seuss

Then he slithered and slunk,
With a smile that could fool,
Around the whole room,
And he saw every tool.
Hammers and chisels,
Spanners! and Lathes,
Hacksaws, Screwdrivers,
Boy what a swathe.
Damm all those sheddies
Who won't let me be Boss
I'll keep the door locked
And I don't care a toss.

Your Health

In the next couple of weeks we have been promised an informative session with a men's health specialist. We will let you know more about this when the time and place are confirmed.

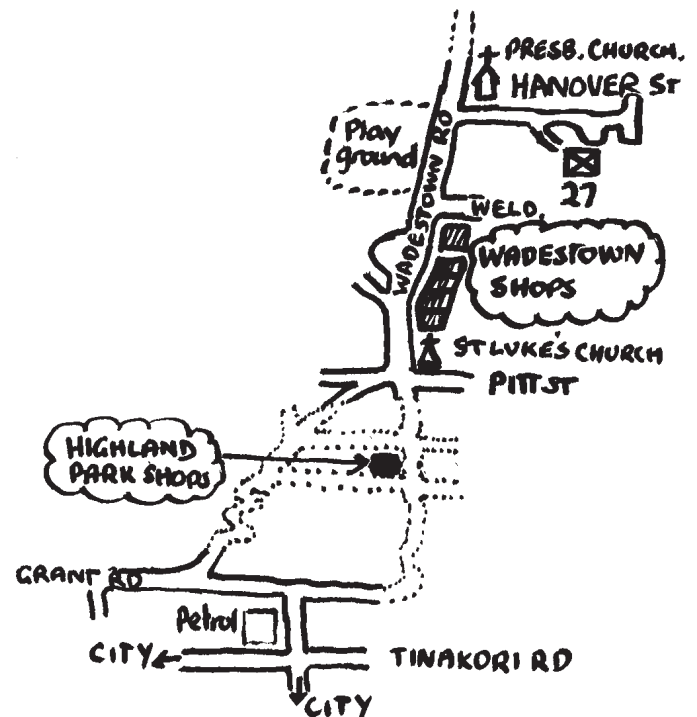

Need a Replacement Part?

No, not a human body part. We've moved on from that item. Norman found this great site which claims to be New Zealand's largest collection of used spare appliance parts.

Meeting this Week

We were due to meet at Rolf's this week but a family funeral has intervened. So if you can cope with the animals etc we'll meet at 27 Hanover Street once more. 10-12ish. Map below. All welcome.f

The MenzShed is open to all Wellington men, but especially those in the older age group, who for many reasons, may be feeling isolated or alone.

We offer a place where you'll find companionship, and a chance to revive your old skills, or learn new skills.

Come and join us. You're bound to find something that will interest you.
